Correct Marks : 1

Question Label : Multiple Choice Question

Caselet: Nivedita, an HR manager, closely observes how professional relationships impact productivity and job satisfaction in the evolving office environment. With remote work on the rise, virtual communication has replaced in-person interactions among her colleagues, altering the dynamics of workplace connections. Nivedita highlights the need to assess internal factors shaping interactions for fostering successful working relationships, without solely blaming external factors for any dip in productivity.

Which *Systems Thinking* habit is exemplified by the Nivedita in this scenario?

Options :

6406532049962. ✖ Seeks to understand the bigger picture.

6406532049963. ✖ Observes how elements in the system change over time.

6406532049964. ✔ Recognizes systems structure generates its behaviour.

6406532049965. ✖ Recognizes meaningful connections within and between systems.

Correct Marks : 1

Question Label : Multiple Choice Question

Caselet: Tejas, a manager at a software company, believes in the power of systems thinking to enhance his team's performance. He implements the concept of "Check results and change actions if needed" in his approach. He also encourages his team to regularly evaluate the outcomes of their projects before making any adjustments to their strategies. He emphasizes the importance of learning from the results and iteratively refining their actions to achieve optimal results.

What *Systems Thinking* habit is Tejas applying in his managerial approach?

Options :

6406532049966. ✖ Seeking to understand the bigger picture.

6406532049967. ✖ Outcome-based tactics.

6406532049968. ✖ Recognizing systems structure generates its behaviour.

6406532049969. ✔ Successive approximation.

Question Label : Multiple Choice Question

Caselet: Imagine a global technology company that operates across various continents, with its headquarters in Germany and regional offices in India and Brazil. The German office follows a structured and hierarchical approach to decision-making, while the Indian office values flexibility and adaptability, and the Brazilian office promotes a relaxed and open work environment. As the company expands its operations and teams from different offices collaborate on projects, it becomes apparent that their diverse cultural backgrounds are leading to challenges in understanding each other's work methods and communication styles. Recognizing the potential of combining their strengths, the teams decide to come together to create a new project

management approach that incorporates elements from each office's culture, concepts and skills.

In the given scenario, how did the teams from different offices aim to address the challenges posed by their diverse cultural backgrounds?

Options :

6406532050014. ✖ Cultural accommodation

6406532050015. ✔ Cultural synergy

6406532050016. ✖ Cultural assimilation

6406532050017. ✖ Cultural compromise

In a conference call with a dozen people, Mehak leads the group through a list of seven important actions that must be undertaken immediately. After she finishes describing each action, she moves on to the next without delay. Once she has covered all seven, she gives a gracious conclusion and ends the call. Mehak later receives emails from several participants with questions. Her presentation resulted in no questions during the conference but many questions afterwards. What was missing in Mehak's presentation?

1. Her style did not accommodate feedback in an effective way.
2. Her style did not use enough repetition so participants could keep up with her and recall what she did.
3. Her style did not include the time and space her audience needed to absorb the content she
